

### Scholarship Program Counseling Confirmation

Aldine ISD students have the exclusive opportunity to apply for two scholarship programs offered to students who will be graduating from Aldine ISD – Aldine Education Foundation Scholarships and Lone Star College Foundation Scholarships for Aldine ISD. Before applying to either scholarship program, you **must** meet with your high school counselor to confirm you understand the differences between **AEF Scholarships** and the **Lone Star College Foundation Scholarships for Aldine ISD**.

- **Aldine Education Foundation:** scholarships can be taken to **ANY accredited** college, including technical schools, community colleges, or four-year colleges or universities.
- **Lone Star College Foundation Scholarships for Aldine ISD:** must pursue an **Associate Degree or Certificate** at any **Lone Star College** campus. Application for this program indicates your intention to attend Lone Star College.

You may apply to both scholarships but can receive only **ONE** award. If you apply to both, you are willing to accept either and, therefore, to attend Lone Star College.

*\*If you fail to meet with your counselor, you will have forfeited your application and will not be eligible for either scholarship program.*

I understand the distinction between **Aldine Education Foundation Scholarships** and **Lone Star College Foundation Scholarships for Aldine ISD**.
