

Mission

Aldine Education Foundation was established to provide community-based support to Aldine Independent School District in pursuit of excellence in teaching, innovation in the classroom, and superior learning opportunities for all students.

One of our primary programs is to support our students' continued education by providing scholarship funds to deserving graduating seniors. We appreciate your interest in ensuring these students have access to further academic opportunities.

Establishing an Endowed Scholarship

Aldine Education Foundation may establish endowments (named and planned) on behalf of contributors for the purpose of providing ongoing scholarship funds for graduating Aldine ISD students. These scholarships are awarded to students to attend the college of their choice as a one-time payment directly to their school. Once completely funded at \$20,000, these endowed scholarships in the donor's name (or as designated) are invested in perpetuity to provide funds for an annual \$1,000 scholarship award.

- An endowment is planned when a donor executes an endowment agreement with Aldine Education Foundation, creating a framework and timeline for the endowment.
- The initial contribution by a donor to establish a named endowment must equal or exceed \$1,000.
- A donor may contribute to an endowment through a variety of means (including tribute gifts in honor or memory of a loved one). Multiple donors may contribute to the same named endowment. Donors may not receive any benefits associated with their endowment gifts.
- Contributions toward a named endowment of more than \$1,000 and less than \$20,000 will be denoted as a planned endowment. The donor has seven (7) years to complete the \$20,000 commitment. If the endowment is not fully funded within seven (7) years, the total amount donated will be transferred to the Foundation's scholarship fund and all dollars will be awarded as one-time scholarships.
- The planned endowment must be fully funded before December 31st in the school year of the first scholarship awarded.
- Endowments can be designated for individuals, families, corporations, and organizations, in their memory or to honor them. If named for someone other than those establishing the endowment, a relative must give written consent for the named endowment.
- Endowments shall be designed as either with award criteria (stipulations listed on Endowment Agreement Commitment) or without award criteria.
